Global Threads Local Ties

SIEBA CONFERENCE 25-26 JUNE 2024

Speaker Bio:

I have been working in the International Education industry since 2008 as an International Director.

During my time I have worked at two different schools which have different types of international programmes.

Both schools run small programmes which means that I have been involved in most aspects of the programmes, from homestay coordinator to marketing.

I come from a teaching languages background and am also involved with the school ESOL courses. To keep myself sane, I enjoy biking and haven't succumbed to an ebike yet.

**International Director,
Craighead Diocesan School**

Topic -
Enhancing Student Experience
By Creating A Student Centered
Approach
