

Sue King

Global Threads Local Ties

SIEBA CONFERENCE 25-26 JUNE 2024

Speaker Bio:

**International Director,
St Mary's College, Auckland**

Topic -
Global Citizenship Start-Up

Sue King has been the International Director at St Mary's College in Auckland for over ten years and is passionate about her role. During this time she has built up a successful international programme and pursued a personal challenge of nurturing curious minds within the Global Citizenship realm.

As part of the initial Global Citizenship Pilot Programme in 2022 Sue was able to be supported in the strategic journey and discover how global citizenship was going to fit within her school. Over the next few years, the programme has developed into a meaningful group where robust conversations and cultural sharing has been encouraged.

Sue is happy to share with you how she started the programme at St Mary's and how you can embrace the journey at your school too.
