

## Cheryl English

Cheryl English is the President of the School Business Managers' Association and the Business Manager for both Shirley Boys' High School and Avonside Girls' High School in Christchurch.

With experience across early childhood, primary, secondary, and adult community education, Cheryl brings a broad sector perspective to her work. Her early 2000s role as an International Student Administrator sparked a lasting passion for international education—insight she later expanded while supporting schools to build robust budgets and financial systems for their international programmes.

Since relocating to the shared Ōrua Paeroa campus in 2019, Shirley Boys' and Avonside Girls' have continued growing strong international departments offering rich opportunities on Christchurch's east side. Cheryl works closely with both teams to drive efficient administration and forward-focused financial strategy, ensuring their programmes remain sustainable and well-supported.

**President - School Business Managers' Association.**

**Business Manager - Shirley Boys' High School & Avonside Girls' High School.**

**Topic:** Finances Matters - Strengthening Your Departments Financial Performance
