

Dr Pii-Tuulia Nikula

**Associate Professor -
Eastern Institute of
Technology**

Topic: What does Generative AI say about your School?

Topic: Partnering with Agents for Success.

Dr Pii-Tuulia Nikula is an Associate Professor at Eastern Institute of Technology in Napier, where she lectures on organisational sustainability and research methods. Her engagement with education agents spans twenty years, including experience as both a practitioner and an academic.

Pii-Tuulia's research on agents and agent management has been published in leading academic journals, and she has co-edited a book on the topic.

She is a Co-Convenor of the New Zealand international Education Research Forum, Section Editor for the Journal of Global Higher Education, and Co-Chair of the Academic Advisory Board of Climate Action Network for International Educators.

In addition, Pii-Tuulia serves on the board of an intermediate school in Hawke's Bay.
