SIEBA CONFERENCE 25-26 JUNE 2024

Speaker Bio:

I have been involved in international education for over 10 years, starting with my own children being international students at a United Nations campus in Switzerland.

Employed at Mount Maunganui College since 2016, Director of International Students since 2018, I thrive in the ever-changing, dynamic, rewarding and sometimes challenging environment that is high school education. Teenagers make me laugh, cry and want to tear my hair out – sometimes all three things in the space of one day!

I am committed to providing a robust academic and rewarding holistic experience in our vibrant and stunning location, for the young people entrusted into our care.

When I'm not working you'll find me hiking, skiing or having adventures of my own around the globe.

I'm looking forward to the SIEBA hui to share ideas and learn from others.

Director of International Students Mount Maunganui College

Topic 1

Transfer of Care - Independent
Travel School to School (Code
Requirements and Key
Stakeholder Communication)
